

# DIVA Flex

**CURVED & ROUND AUTOMATIC SLIDING DOORS**

**DIVA RS Flex** is a range of exceptional automatic doors combining performance and reliability, all with the DIVA RS Flex high-tech operator.

⚠ **Doors come complete with glazing** (dry glazed).

**Elegance & Intelligence combined with strength and performance.**

**The perfect solution for new construction or integration into existing structures.** Suitable for public places with heavy traffic flow such as retail, health care, leisure, etc.

## FEATURES AND BENEFITS:

- Powerful motor.
- Battery backup in case of power failure.
- Logic box for managing integration of all features including keypads, alarm systems, etc.
- Control interfaces that offer high performance with user-friendly Bluetooth technology.
- Four heavy-duty Delrin rollers per moving panel for smooth & quiet movement.
- Carriage cleaning system to minimize dust and debris.

- Panels are pre-glazed for easy installation.
- Full vertical height interlock on (FBO\*) with double weather strip seal for optimizing energy conservation.
- Full breakout capability for maximum egress.
- Aesthetically pleasing contoured profile.
- Modular assembly allows for easy installation and minimizes wiring time.
- Scissor feature at top of SX panels keeps doors aligned and guides panels back into place after "break out".
- Fixed Sidelite (FSL\*) and surface mount options available.

\* **FBO** - Full Break Out - **FSL** - Fixed Sidelite
